

# E-Marketing Opportunities

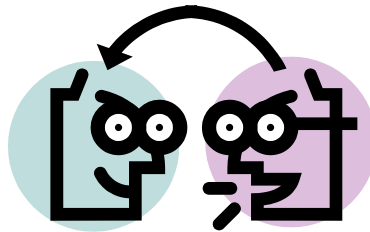

[www.lindonsamm.com](http://www.lindonsamm.com)

Today's marketplace can be fast and frenetic. Sheep may come onto the market one day and sold the next. Keeping this in mind we at Lindon Samm are proposing to set up a "quick alert" system to notify our clients and perspective clients of SAMM marketing opportunities.

## OPPORTUNITIES MAY INCLUDE

-  Marketing lambs
-  Feedlot opportunities
-  CFA Sheep
-  Wool opportunities
-  Agistment
-  Marketing surplus sheep

Capitalising  
on the  
good times

Off  
loading in the dry  
times

Our client base now extends from Richmond in QLD, south to Cressy in Tasmania, from Walcha in the East to Enngonia in the West, not all of these areas experience a good season at once, just like they don't all experience a bad season at once. With a spread of clients like this we should be able to expand all of our marketing opportunities when it comes to the above mentioned points.

By updating your details we can keep you in touch with everything SAMM quickly and efficiently. *NB. Your details will not be disclosed to a third party without your consent.*

We totally understand that you may not like disclosing your email address, however if you don't, you may miss out on the above marketing opportunities!!!

## TO BE INCLUDED IN THIS NETWORK PLEASE EMAIL
